SECDEF VISIT TO PAKISTAN

Additional Talking Paper

SUBJECT: Your Meeting with Defense Secretary Zaidi

Background: You have met Secretary Zaidi ("za-EE-dee") three times this year during official visits he has made to Washington. He assumed the post of Defense Secretary with the advent of civilian rule in Pakistan last December, replacing a retired military officer as the top civil servant in the Ministry of Defense.

Zaidi will also host the fifth meeting of the Consultative Group, a group you recommended we establish during your October 1983 visit. The CG has evolved into a forum of a restricted executive session followed by a formal opening plenary and working group sessions

These meetings will precede your arrival in Pakistan. The closing plenary session, which you agreed chair, will be preceded by a private meeting ("executive session") between you and Zaidi. During the closing plenary, reports from each working group will be delivered, and both you and Zaidi will be expected to make some formal remarks.

Suggested Talking Points

OPENING REMARKS

- Express appreciation for the opportunity to visit Pakistan during your current worldwide tour.
- Note your satisfaction in being able to attend this fifth session of the Consultative Group meetings, an idea that both governments approved in principle three years ago and now has evolved into a professional and intensive semi-annual review of U.S./Pakistani defense relations.
